

THE FIGHT AGAINST QUAY

John Wanamaker is Taking a Hand.

Business Men From all Over the State Present at Harrisburg to Prevent His Return to the United States Senate.

(By Telegraph to Virginian-Pilot.) Harrisburg, Pa., January 2.—Senator Quay has taken personal direction of his campaign for re-election to the United States Senate. He reached Harrisburg last night from Washington with his colleague, Senator Penrose, and will stay until after the Senatorial caucus. Ex-Senator Cameron came to Harrisburg to-day from his country residence, below the city, and was a visitor to the Quay quarters. The former Senator came all the way from England to take a hand in the contest for his old friend and colleague.

Ex-Postmaster General John Wanamaker is on the ground working against Senator Quay, with the assistance of ex-Judge James G. Gordon, of Philadelphia. The Business Men's League opened headquarters this morning, and members are here from all over the State to help fight Quay.

ANTI-QUAY SCHEME. Chairman Garman, of the State Democratic Committee, is not saying or doing much either way. The anti-Quay leaders concede the failure of the fusion scheme, and are directing their energies toward keeping Republicans out of the Senatorial caucus, to prevent a nomination.

The anti-Quay leaders announced this morning that by evening they would have the written pledges of thirty-one Republicans to stay out of caucus until after the Supreme Court has disposed of the criminal charges against Senator Quay. The case will be argued next Saturday, and the anti-Quayites are fighting for the postponement of the caucus until after the court renders its decision, and it is probable there may be a postponement.

HOUSE REPUBLICAN CAUCUS.

The caucus of the Republican members-elect of the House of Representatives to-night was an entirely harmonious affair. John R. Farr, of Lackawanna, was the choice for Speaker, his opponents being Ward R. Bliss, of Delaware, and George M. Hosack, of Allegheny. The names of 130 members were on the caucus roll, and there were six absentees. The vote on the speaker stood: Farr, 28; Hosack, 26; Bliss, 8. The candidates did not vote.

A state committee was appointed, a sub-committee of which worked until the early morning hours on the problem of filling the places at their command.

OTHER CAUCUSES.

A conference of the Republican members of the Senate was also held to-night, and William P. Snyder, of Chester, was unanimously nominated for president pro tem.

A caucus of the Democratic members of the House of Representatives was held this evening in the Supreme Court chamber, and William L. Crensy, of Columbia, was the unanimous choice of the caucus for Speaker.

A resolution was adopted that a committee be appointed to confer with a committee representing the Independent Republicans—should they appoint such a committee—to arrange for fusion on the organization of the House. A conference of the Democratic members was held this afternoon at which a committee, consisting of Messrs. Dixon, Foster and Crensy, were appointed to wait on the Independent Republicans and notify them that the twenty-four Democratic members were ready to unite with them on the fusion movement. The independents said they could not, at this late date, muster enough votes to make fusion a

success, and admitted that they believed the Democrats were sincere in their efforts for fusion.

The Democratic Senators also held their caucus to-night, and Harvey W. Haines, of York, was nominated for president pro tem.

QUAY'S BUSY DAY.

Senator Quay spent a very busy day directing his canvass from the residence of ex-Senator J. Donald Cameron, who came all the way from England to help his former colleague. Senator Boies Penrose, Congressman Bingham and other members of the Pennsylvania delegation in Congress, are on the ground in Quay's interest. The Senator's headquarters at the Lochiel Hotel, in charge of State Chairman Elkins, were crowded all day with political workers from all over the State. A strong demonstration was held to-night by the Quay people.

Senators Martin, Magee and other leaders, presumably opposed to Quay's re-election, are expected to have a conference before morning to determine on a line of policy relative to the Senatorial caucus. If they stay away from the meeting the Quay people are fearful they cannot muster enough votes to make a nomination.

The House Democrats appointed a committee at their caucus to-night to confer with the Independent Republicans on the fusion movement to organize the House against Quay. The leaders of these elements had a conference this afternoon on this question and failed to reach an agreement. The Democrats offered to furnish seventy-four votes, but the independents could not muster enough to increase the number to 104, which was necessary to a successful fusion.

Both sides admit that there are no prospects of a successful combination between the Democrats and Independents on the Speakership.

COAL STRIKE LOOKED FOR.

WHAT SENATOR HANNA'S MANAGER THINKS ABOUT IT.

(By Telegraph to Virginian-Pilot.)

Pittsburg, Pa., Jan. 2.—A general strike in the bituminous coal region is looked for on April 1st, at the close of the term of the interstate agreement between the miners and operators. This strike can be averted only by the miners and operators of the competitive field reaching an amicable agreement at the convention to be held in this city next week. A reported interview with Operator Thomas Young, manager of the Hanna Coal interests, is as follows:

"It is the intention of the operators to reduce the mining scale of wages. The operators cannot afford to maintain the present rate. The miners want a higher rate, and the operators claim a reduction must be made. You can readily see the miners and operators are far apart. There seems to be little chance of getting together. The operators do not see how they can maintain the present scale. Coal is now being sold below cost. The miners in this district comprising four States, are well paid, if they could work full time. They have done pretty well during the past year. In fact they have made more money than the operators."

"The operators in this district pay so much more for mining than the operators in the West Virginia District that they are not able to compete with them. We lose business right along for the reason that we cannot meet the competition. One result of the strikes will be an advance in the price of coal. I do not anticipate a coal famine, for the reason that coal can be obtained from twenty different fields. The inevitable result of the strike will be that the operators will win. The operators do not look for trouble before April 1st."

Strike Riots in Hungary.

(By Telegraph to Virginian-Pilot.)

Budapest, Jan. 2.—Serious strike riots have taken place at Nagy Komlos, county of Torontal, Hungary. The miners, overpowered and disarmed the police, who narrowly escaped with their lives.

The rioters then attempted to burn the residence of the local magistrate. Finally the police were reinforced and the rioters suppressed.

A Fight With Strikers.

(By Telegraph to Virginian-Pilot.)

Ashland, Neb., January 2.—Several men were seriously injured in the Armour & Co. ice plant at Memphis to-day in a clash between strikers and men on duty. Eighty members of the night force struck yesterday for increased pay, and when the day force refused to join the strike a vicious hand to hand fight resulted. An unknown striker from Lincoln was struck on the head and is reported as dying to-night. The attacking party was defeated and several of the men have been arrested.

NEBRASKA LEGISLATURE.

ONLY ELEVEN REPUBLICAN CANDIDATES FOR SENATOR.

(By Telegraph to Virginian-Pilot.)

Lincoln, Neb., Jan. 2.—The 26th biennial session of the Nebraska Legislature convenes at noon to-morrow. The Republicans have a majority of nine on joint ballot, seven in the Senate and 2 in the House, assuring the party in all probability a successor to U. S. Senator Allen.

The first ballot for Senator will be two weeks from to-morrow, and while the fusionists minority will give its solid support to Senator Allen, the Republican strength will be divided among 11 active and passive aspirants. The Republican list includes Judge M. L. Hayward, of Nebraska city; D. E. Thompson, G. M. Lamberton, Allen W. Fields and M. B. Reese, of Lincoln; John L. Webster, of Omaha; ex-Congressman Halmer, of Aurora; Captain G. E. Adams, of Superior, and three or four others of little prominence. There will be no Republican caucus on the Senatorship at least until after the first ballot is taken.

Senator Davis Sure of Re-Election.

(By Telegraph to Virginian-Pilot.)

St. Paul, Minn., Jan. 2.—The Republican members of the two houses of the Legislature caucused to-night on officers for the session that opens to-morrow, that party having the majority in both houses. A call for a caucus Wednesday evening to nominate a successor to United States Senator C. K. Davis was issued to-night.

No opposition to Senator Davis is expected.

Four Miners Killed.

(By Telegraph to Virginian-Pilot.)

Jamestown, Cal., Jan. 2.—Four miners were killed in Jumper mine to-day by the dropping of a skip, which fell 150 feet to the bottom of the shaft. One other was slightly injured,

SITUATION AT SANTIAGO

Protest Against an Order From Havana.

Compliance with It Would Rob Ten Thousand Cubans of Employment—Military Governor Wood Greatly Displeased.

(By Telegraph to Virginian-Pilot.)

Santiago, Cuba, Jan. 2.—An order has been received from Havana, which, if enforced, will mean, in the judgment of the commercial classes here, serious injury to the province. This is a direction to transmit the entire customs receipts each week to Havana. Compliance with such instructions would involve the abandonment of many necessary public improvements, especially in the matter of roads and water works.

Since the American occupation began these funds have been used for such purposes and have been the principal means of meeting the necessary expenditures. The Herald says that to carry this order out would rob ten thousand Cubans of employment, most of whom would probably take to the hills and become bandits, having no other recourse. Robert T. Mason, British Consul at Santiago, says it was Spain's practice of monetary centralization which caused most of her troubles in Cuba.

Gen. Leonard Wood, United States military governor of the department, on being asked to express an opinion respecting the order, declined to be interviewed; but it is reported that, without offering any criticism of the policy which dictates the order, he has shown his annoyance at the possibility of a stop being put to the good work being done in the province. The local taxation fund is barely sufficient to meet the expenses of the city. There is nothing over for important improvements and the customs receipts are considered by competent judges to be absolutely necessary for the successful management of the province.

Popular excitement over the order is growing among all classes. The Chamber of Commerce, the Sons of Veterans, the Supreme Court and the San Carlos Club have called meetings to take action; and each organization will cable to Washington an earnest protest against what is described as the "suicidal policy of centralizing money at Havana."

CRIME IN COREA.

BARBAROUS PRACTICES OF ANTI-RUSSIAN PARTY.

(By Telegraph to Virginian-Pilot.)

London, Jan. 2.—The St. Petersburg correspondent of the Times, says:

The correspondent of the Novoye Vremya, at Seoul, the Korean capital, relates terrible crimes by the anti-Russian party, who, since the departure of the Russian financiers and drill instructors, have wreaked vengeance by the most brutal and barbarous cruelty on the Korean officials who safeguarded the removal of the Korean Emperor to the Russian mission house.

"The official, his wife and other Koreans were mercilessly tortured with a view of compelling them to confess to a false charge of poisoning the Emperor's coffee, in order to shield the real criminals. The ex-dragonman was finally brutally executed, mutilated publicly and made sport of in a savage and disgusting manner. All this, the writer says, occurred in a country blessed with American and other Christian missionaries and where American officials occupy influential posts in the Korean government service."

THE DREYFUS AGITATION.

DEVIL'S ISLAND PRISONER WILL NOT BE BROUGHT BACK.

Paris, January 2.—The Intransigent, edited by Henri Rochefort, a violent opponent of Dreyfus revision, is responsible for the statement that the Court of Cassation has waived its intention to bring Dreyfus back on the danger of lynching and riots, and of the necessity of a large military force to protect him. The recently formed league, known as La Patrie Francaise, headed by M. Ferdinand Brunetiere, Coppée and Maurice Barres, with a large following of authors, professors, and scientists, whose avowed object is to knit intellectual France into a union for countering the Dreyfus agitation, has raised a fierce press controversy, which threatened an agitation worse than that which La Patrie Francaise was intended to counteract.

ZOLA TO BE ARRESTED.

London, Jan. 2.—The Daily News this morning says:

In a roundabout manner we hear that the British authorities, at the request of the French government, have issued a warrant for the arrest of Emile Zola, now known to be in England."

Rubber Works Burned.

(By Telegraph to Virginian-Pilot.)

Port Dalhousie, Ont., Jan. 2.—The works of the Toronto Rubber Shoe Manufacturing Company here were totally destroyed by fire this morning, causing a loss of \$100,000 and throwing some 250 hands out of employment.

When you buy a Piano get a good one. It does not cost you much more, and for the many years that you have it in your home, it is a constant source of pleasure, instead of being an expense, and at the same time the quality of tone makes the music more enjoyable. Do not buy any Piano that does not contain all of the late improvements. See what one of the Standard Musical Journals of this country says of the Stultz & Bauer Pianos.

From the "Music Trades" of New York, November 19th, 1898:

"There is nothing so particularly wonderful in the great demand for Stultz & Bauer Pianos, both Upright and Grands, for they are 'first-class' instruments in every respect and possess a pure, clean and brilliant tone and most artistic cases, which cannot fail to continue to add to their already very long list of patrons throughout the Piano world."

There are over 21,000 of these celebrated Pianos now in use throughout this country and Europe. The following letter shows what first-class musicians think of this piano.

Messrs. Stultz & Bauer:

Gentlemen—For three years I have used one of your "Upright Grand Pianos" and can with sincerity endorse its high qualities, such as a full, Mellow and singing tone, a symphonic tone, which combines everything required, its actions is light to the touch, and therefore, meets all requirements which only "first-class" Pianos of to-day can furnish.

Yours sincerely,

HAVERHILL'S NEW MAYOR

He Will Defend and Support Principles of Socialism.

Claims that Human Happiness is Possible of Attainment Only Through the Establishment of the Co-operative Commonwealth.

(By Telegraph to Virginian-Pilot.)

Haverhill, Mass., January 2.—John C. Chase, elected on a Socialist platform, took the oath of office as Mayor of Haverhill to-day. In his inaugural address Mr. Chase assured the members of the city government and the people that "every atom of power" possessed by the Mayor will be "exercised in the defense and support of the principles of Socialism, in so far as they may be applicable to a municipality."

The Mayor then referred to the desirability of preserving equal rights upon which "the liberty and happiness of every man, woman and child, are conditioned," and asserted that these are possible of attainment "only through the establishment of the co-operative commonwealth."

Continuing, Mayor Chase said: "I believe that every power the municipality possesses should be placed at the disposal of the people in the interest of civilization. With that aim in view, I submit the following specific recommendations:

"First—The passage of an order establishing the minimum wage for street employees at \$2 for eight hours' work.

"Second—Union wages and conditions to prevail in all brick and stone masons' work performed under the direction of the street department.

"Third—All city printing to bear the union label."

The Mayor then took up the subject of the unemployed, which, he said, had developed from the displacement of labor by machinery and the concentration of capital and a question which, he said, no municipality could solve, as it had become a national and international one. Yet, he said, some little relief at least can be afforded by this city government. I, therefore, commend:

"First, That you proceed to secure a tract of land suitable for the raising of food products, and that such of the unemployed as desire be permitted to use said land, the city to furnish proper seeds and tools.

"Second, The enlargement of the fuel yard at the city farm to such proportions as will permit all who desire to earn by their labor such fuel as they may require.

"Third, The appropriation of such an amount of money as circumstances may warrant to be used in providing employment directly upon public works, not in competition with the regular employees of the city, but upon special works, two kinds of which I herewith suggest: First, improvement of the park system; second, construction of a system of bicycle paths through all principal thoroughfares."

Mayor Chase condemned the system of contracting with the lowest bidder for city work, and said the system should not be tolerated. He said:

"Low bids mean cheap work. Cheap work means cheap men and low wages and low wages lower the standard of citizenship. The city should perform its own work and furnish its own material, giving employment to its citizens."

The Mayor advocated increased appropriations for educational purposes and municipal ownership of the electric lighting plants and street railways.

Retiring Mayor's Parting Shot.

(By Telegraph to Virginian-Pilot.)

Atlanta, Ga., Jan. 2.—Hon. Charles A. Collier's term as Mayor of Atlanta expired to-night, his successor, James G. Woodward, taking the oath of office at the regular meeting of the City Council. The retiring Mayor, whose advocacy of municipal ownership is well known, fired a parting shot at the electric light company by showing in his message that the people of Atlanta pay \$70,000 more annually for lighting than the service would cost were the plant controlled by the city. The street car companies were also scored for their failure to grant transfers.

He was born in Philadelphia, July 26, 1813, and was educated in the University of Pennsylvania. He was appointed an assistant surgeon in the navy in 1833 and was later assigned to the U. S. S. He was afterward assigned to the United States frigate Constitution, and when on one of her cruises in European waters the vessel touched at Gaeta, Italy. Dr. Guillou went with the American Consul and the captain of the Constitution to visit King Ferdinand II and Pope Pius IX.

These personages visited the Constitution the next day, when the Pope was taken ill, and was attended by Dr. Guillou. The day after Dr. Guillou was sent for by His Holiness, who wanted to confer an order upon him. Dr. Guillou being an American, this could not be done, but the Pope granted him a plenary indulgence.
